We continued to discuss the 5K event. The 5K will be held on May the 18th from 11am to 2pm. Danielle from Teen challenge will need to get an application to close the road for the 5K. If the application costs money, then Teen Challenge will be responsible for the payment of the application. We also discussed Fundraising for the 5K and have decided to do a concession stand. We will be serving hotdogs, walking tacos, water, and chips. We will ask the Park Board to purchase all the food. We will donate our time that day to run the concessions stand.

We have come to a conclusion that we will not be getting a gaming license at this time.
